HiShield Handguard
(Antiseptic Disinfectant Gel)

HiShield Handguard is skin friendly, hygienic RUB IN HAND skin antiseptic lotion with Vitamin E and Aloe vera.

Ingredients:

Chlorhexidine Gluconate I.P.: 5% w/v, Vitamin E, Aloe vera, other emollients and moisturizers.

Mode of action:

HiShield Handguard kills 99.99% germs giving extra high cleansing of visible dirt. It has good residual property and leaves the hands sterilized for more than 5 hours. Soap agents are often harsh, potentially irritating that leave a residue which can dry the skin. On the other hand even on extensive use of this product, the skin remains smooth and well nourished due to Vitamin E, Aloe vera, other emollients and softeners. It is non-allergic and safe to all persons with sensitive skin.

Directions for use:

1. For Hand Disinfection – 3ml
2. For Skin Disinfection – 6ml
3. For Surgical Hand Disinfection – 9ml

Salient features:

- Gentle moisturizer
- Easy to use
- Being in lotion form, no spills
HiShield Handguard
(Antiseptic Disinfectant Gel)
