Germisol is a surface sanitary disinfectant having powerful disinfecting and germicidal action.

Active Ingredient:

Germitol contains Benzalkonium chloride (IP) (50%)—5.0% w/v

Other Ingredients:

Isopropyl Alcohol, Poly (hexamethylene biguanidine) hydrochloride, Didecyldimethylammonium chloride, Perfume and Indicator

Mode of action:

It is active against bacteria, fungi and viruses. It destroys spores as well as vegetative forms of microorganisms. Besides being germicidal it has excellent detergent and enhanced stain removing properties. On application the microbial load is reduced to 99.99% within a minute. It is totally nontoxic and ecofriendly.

Directions for Use:

The recommended dilution for use is 1:70. For regular cleaning Add 5 Capful (of 500ml can) to 10 litres of water

Salient features:

- Removes stains
- Powerful cleaner
- Powerful disinfectant
- Ecofriendly
