Warning and Precautions :

Read the label before opening the container. Wear protective gloves/protective clothing/eye protection/ face protection. Follow good microbiological lab practices while handling specimens and culture. Standard precautions as per established guidelines should be followed while handling clinical specimens. Safety guidelines may be referred in individual safety data sheets.

Limitations :

1. Individual organisms differ in their growth requirement and may show variable growth patterns on the medium

Performance and Evaluation

Performance of the medium is expected when used as per the direction on the label within the expiry period when stored at recommended temperature.

Organism

Growth

Zygosaccharomyces bailli iqqf/nwzwtkcpv
DSM 70492

Zygosaccharomyces rouxii iqqf/nwzwtkcpv
ATCC 34890

Storage and Shelf Life

Store bevyggp 32/52ÅE in a tightly closed container and the prepared medium at 4/:ÅE. Use before expiry date on the label. Qn opening, product should be properly stored dry, after tightly capping the bottle in order to prevent lump formation due to the hygroscopic nature of the product. Improper storage of the product may lead to lump formation. Store in dry ventilated area protected from extremes of temperature and sources of ignition. Seal the container tightly after use. Product performance is best if used within stated expiry period.
